

WOULD RUN CARS ON CENTRAL LOOP

Plans Filed for General Transfer Point at Eighth and Franklin Streets.

NEW COMMITTEE ORGANIZES

Gilbert K. Pollock Chairman and Orway Fuller Sub-Chairman on Streets.

Plans for centering the suburban street car lines of Richmond at a general transfer point were laid before the Council Committee on Streets yesterday afternoon by General Attorney A. B. Gilson, of the Virginia Railway and Power Company. The plans include bringing the cars of the First Street line from Barton Heights and Lakeside into Broad at First, down Broad to Seventh, down Seventh to Franklin, along Franklin to Eighth, up Eighth to Broad, and back along Broad to First Street, operating the Highland Park cars down Seventh, across Broad, around the same loop, and the cars from South Richmond from Seventh Street, in Franklin, then to Eighth, thence to Broad, to Seventh, and return by the present route. Captain Gilson explained that in order to make the proposed loop a franchise would have to be granted for a single east-bound track in Franklin Street from Seventh to Eighth Street.

Broad Street Cross-Over. What he wanted at once, however, was for the committee to sanction the plan proposed by permitting the laying of the elaborate special connection curves and cross-overs at Seventh and Broad Streets in connection with the present repaving of Broad Street. It would take some time to make these special curves, and cross-overs, and he was unwilling to cut into the new smooth paving at this point just after it had been completed. He explained that there was already such congestion of cars on Main Street between Seventh and Eighth that it would not be practicable to extend the loop south to Main Street. The matter was referred to a sub-committee consisting of Messrs. Mills, Powers and Pollock, with instructions to report at the regular meeting of the committee next Monday afternoon at 5 o'clock.

Committee Organizes. The committee was called to order at 5 o'clock by City Clerk Ben T. August, and was the first of the committee of the new Council to organize. Councilman Gilbert K. Pollock was elected chairman and Alderman Orway Fuller, sub-chairman. The committee determined upon the sixteenth and twenty-eighth of each month as its regular meeting date, except when those dates fall on Saturday or Sunday, when the meeting will be held on the following Monday. It was decided that hereafter meetings of the committee would be at 5 o'clock instead of 3.

The committee recommended to the Council, at the request of City Engineer Bolling, a transfer of \$50,000 from the bond issue for sewers to the construction of certain special sewers which the engineer stated were urgent.

STATE COMMITTEE TO MEET TO-NIGHT

Primary Rules May Be Under Consideration—Consider Situation.

The State Democratic Committee will meet at 8 o'clock to-night at Murphy's Hotel, upon the call of Chairman J. Taylor Kilgus. This will be the first meeting since the State Democratic Convention held in Norfolk in May. At that time the committee adopted a primary plan intended to accord with the new Byrd law. But it

A Sick Man

S. B. Hartman, M. D.

Writes Dr. Hartman about Kidney Disease. A gentleman writes me: "I was greatly interested in your article describing the Kauffman case of the serious disease of the kidneys. The description of his case exactly outlines my condition. I am sure if Peruna cured him as you say, it would cure me also. I am losing flesh rapidly, and the doctors say I have every symptom of Bright's disease of the kidneys. If you think I would be benefited by Peruna I will certainly try some, as the doctors have practically given me up, the same as they did him."

In reply I wish to say, first, that I never make any promise as to what Peruna will cure. No physician can make positive statements of that sort. I can say this much, however, if I were in your place, I should certainly give Peruna a trial. I know of no other remedy that would be so likely to be of use to you in your present condition as Peruna. Take a tablespoonful before each meal and at bedtime. Continue this for two or three weeks, and then if there is anything you wish to ask me further write me and I will give your letter prompt attention.

If I find that the Peruna is not helping you I will be perfectly frank and tell you so, for I would not have you take Peruna unless it was really helping you. But it has rescued so many cases of kidney disease that I am quite confident you will find it exactly suited to your case.

Kidney disease begins with catarrh of the kidneys. Peruna is a cathartic remedy. Unless the destruction of the kidneys is already too great Peruna relieves the catarrh and the cause of the kidney disease is removed.

I shall anxiously await a report of your case. Remember, all letters are sacredly confidential. I never use any one's name for address without his written consent. My correspondence is absolutely private. Peruna is for sale at all drug stores.

SPECIAL NOTICE. Many persons are making inquiries for the old time Peruna. To such would say, this formula is now put out under the name of KA-TAR-NO, manufactured by KA-TAR-NO Company, Columbus, Ohio. Write them and they will be pleased to send you a free booklet.

was not adopted by the convention for the reason that the committee on resolutions recommended that it be sent back to the State committee with instructions to adopt a plan conforming to the law.

In that meeting a protest was made by Congressman William A. Jones, the member of the committee on resolutions from the First District to the effect that no change would be allowed to vote under the new law. Issue was taken by Senator E. C. Folkes, committee member from the Third District.

An unofficial opinion recently rendered by Attorney-General Samuel W. Williams, and published in The Times-Dispatch last Sunday, seems to settle the point—at least it was accepted by the judges of election in Tuesday's primary in Richmond, and will be accepted, it is understood, by the judges in the fourth District primary to be held September 21. Judge Williams thinks that, taking all the laws and rules into consideration, no negro can vote in a primary held by the Democratic party in Virginia.

No particular contest came before the committee to-night, but a row is always a possibility. The committee will consider conditions in the State as regards the national ticket.

Campaign Contributions. The Times-Dispatch is in receipt of a letter from the treasurer of the Democratic National Committee urging that a vigorous effort be made to raise funds for the necessary expense of the Wilson-Marshall campaign.

It is pointed out that the Republican party has estimated wealth at its command, while the Democrats are relying on small contributions from the people.

The Times-Dispatch has received the following:

ASK FOR CHARTER FOR GINTER PARK

Town Wants to Incorporate and So Secure Public Improvements.

A committee of seven residents of Ginter Park was appointed at a meeting of the Ginter Park Citizens' Association Tuesday night for the purpose of presenting to the Henrico County Circuit Court at its October session a petition for the town's incorporation. The step was taken after thorough discussion on the part of the members of the association. Every side of the proposed incorporation was examined, and it was the uniform opinion of those present that the move would be for the best interests of the community.

Ginter Park includes a territory of considerable size north of the city limits. Its population must be placed at 1,500 souls on a conservative estimate. The value of the property to the approximate value of \$1,200,000 is included within the boundaries of the proposed incorporation.

The citizens who are pushing the movement contemplate the maintenance of parks, the establishment of a fire department, with a motor chemical wagon to answer alarms, and other public improvements. The incorporation of the town would enable greater efficiency to be obtained in carrying out such projects than under the present plan of organization.

John Garland Pollard, who presided over the meeting, on motion, appointed the following six men to serve with himself on the committee to present the matter to the Circuit Court: M. J. Fulton, chairman; Christopher B. Garfield, M. J. Gilliam, John A. Egleston, George N. Skidgway and G. Carlton Jackson.

FINE SHOWING IS MADE BY BLUES

Big Attendance at Inspection. Band Sergeant Overcome by Heat.

A crowded gallery last night witnessed the annual State inspection at the Blues Armory. The field and staff officers, noncommissioned staff, color guard, band and Companies A and B, all lined up in full dress before Lieutenant-Colonel J. L. Lane, Stern, who suspected the men to his customary rigid scrutiny.

A record of 100 per cent was scored by the field and noncommissioned staff, the color guard and band. A similar mark was made by the papers and property of Companies A and B, which were inspected yesterday afternoon. The company attendance was up to the standard, two men being reported absent from Company A and three from Company B.

Heat Prostrates Sergeant. Sergeant Samuel Edson of the band, was overcome by heat in the midst of the inspection by Lieutenant-Colonel Stern, and fell to the floor in a dead faint. He was carried to the east balcony, where ten minutes of vigorous fanning and a judicious use of ice water stood him up on end once more. A physician who was present among the spectators ran to the sergeant's aid, but there was no need for medical assistance. After an absence of fifteen minutes, Sergeant Edson rejoined the band and passed the inspection.

Companies C and D will report for the inspection to-night. Major Lieutenant-Colonel Stern were Major E. W. Bowles, Captain Joseph LeMasurier, Adjutant, Captain T. McDowell and Captain R. M. Biddood.

Prisoner Violates Parole. The police authorities yesterday asked the police to take into custody Adams, colored, charged with violating his parole. A reward of \$20 has been offered for his capture.

Joe Arthur, colored, another penitentiary prisoner, escaped from the State Farm. Twenty dollars reward has also been offered for him.

Could you play anything on an ordinary piano?

NO? Well, you CAN play anything you wish if you have

BIG ATTRACTIONS FOR STATE FAIR

Visitors to Midway Will Have Choice of Numerous Free Performances.

More people, more shows, more fun for everybody is the slogan of Fred Lewis, concessionaire in charge of the amusement features at the coming State Fair, which begins October 1.

When the midway, with all its attractions, stands arrayed at the Fair Grounds, ready for the commencement of performances, there will be gathered a coterie of entertainers from all over the world, with attractions of extreme interest for the public.

Two hundred people will take part in a representation of the destruction of the Spanish Armada. This production will be given with the aid of fireworks. The display of pyrotechnics will be greater than ever before. In addition there will be amusements for all grades of taste. Mme. Wilhelmina Wright Calvert, the great prima donna, will be there to entertain the musically critical. Harry Henry, the man who sings to beat the band, and the Mace-Gay company of soloists will divide the musical honors with the prima donna. The Tilla family, with their trained and dainty singing boys, the Patte Divina girls, Hardy, King of the Air, Hutcherson, the balloon man, C. Dora, the girl motorcycleist, and the Babbar troupe of Arabs will all be on the midway for the delectation of the throngs. The aggregation will be aided and abetted by the Herschell Company of Russian Dancers. These attractions will be provided by the management without charge to the public.

Only three days remain for entries in the women's department, the stock, horticultural, flower and dairy exhibits. The entries in these competitions close Saturday. Entries may be listed for the farm products, poultry and manufactures exhibits up to as late as Friday, September 20.

The aim of the managers of the fair this year is to make the event highly educational one in all departments. Especial stress will be placed on the exhibits of poultry, stock and manufactures. Director Spillman says that practically all the space in the industrial building is taken. A number of highly interesting manufacturing exhibits have been listed.

TYPHOID IN STATE REDUCED BY HALF

Physicians' Reports Show 1,527 Cases This Summer Against 3,198 in 1911.

EDUCATION IS THE SECRET

Hopes of Health Workers Fully Borne Out by Official Statistics.

August statistics of typhoid fever in Virginia, just received at the State Board of Health, and compared with the figures for the preceding two months, show a decrease of half cases from the record of 1911, and indicate that during the past summer, typhoid in rural Virginia has been cut in half.

The result of the August tabulation was awaited with much interest by health officers. Figures for June and for July of the present year had shown that there was far less fever than in 1911, and there was hope that if the August figures were satisfactory, Virginia might achieve a unique record in reducing the typhoid fever. Some concern was felt, however, as several small outbreaks had been reported in August, and as the season had not been especially favorable. The figures announced yesterday, however, fully bore out the hopes of health workers. In August, 1911, 595 physicians reported to the Board of Health 1,942 cases of typhoid. In August of the present year, on the same basis, 681 cases were reported.

As there was a reduction of 392 cases in June, 1912, from 681 in July, 1912, as compared with the same months for the preceding year, the aggregate reduction for these has been 1,441 cases from a total of 3,198 cases in the three months of 1911.

At the office of the Board of Health, the reduction in typhoid was freely discussed yesterday. "Speaking in round numbers," said an officer of the Board, "it is safe to say that there is not in Virginia today more than half as much typhoid fever as there was in 1911. Some of this decline, of course, is due to the comparative mild season, but statistics from other States show that in the best and mildest seasons, the decrease is never more than twenty per cent below the normal. The greater part of this decline must be attributed to the education of the people. They have learned how typhoid is spread and how it may be prevented, and they are applying, in their homes the fundamentals of sanitation. One has only to travel in the Virginia to see the great improvement in the crucial matters, sanitary out-buildings and sanitary wells. It is a tribute to the people of Virginia that they have accepted the truths of modern sanitation and have achieved this record."

"The full benefits of what has been done can only be repeated by care throughout the year. Neglect of precautions will always be followed by outbreaks," daily regard for the few simple rules of hygiene and sanitation will insure good health. The Virginia people continue to improve their methods of sewerage disposal, their water supplies and their milk, we may expect still further declines in typhoid. Preventable disease is in direct proportion to carelessness."

The field laboratory of the Board of Health, which has been located in Roanoke, has about finished its investigations, but the experts of the board are still studying the outbreaks reported.

PROTECT YOUNG GIRLS

Equal Suffrage League Wants Age of Consent Placed at Eighteen Years.

At a meeting of the executive committee of the Equal Suffrage League, held on Tuesday last, the following resolution was passed:

"Whereas, the matter of adequate legal protection of young girls in Richmond and Virginia is a subject of deep concern to members of the Equal Suffrage League; and

"Whereas, the failure of the Legislature of 1911 to pass a law raising the age of consent from fourteen to sixteen years of age equally amazed and discouraged us;

"Therefore we desire to express our appreciation of the movement recently inaugurated by the Ministerial Union, the Juvenile Protective Society and the Mayor of the city, and hereby in further endorsement of the action adopted by the Police Board of Richmond, recommending co-operation in petitioning the Legislature of 1912, to amend the present statute as to make the age of consent for girls in Virginia eighteen instead of fourteen years of age as at present."

Qualifications in Chancery. William Rucker qualified yesterday in the Chancery Court as the administrator of the estate of Charles A. Rucker. The estate is valued at \$7,000.

J. Sterling Taylor qualified as executor of Robert A. Gilliam. The estate is valued at \$1,100.

Stuart W. Lyford qualified as administrator of the estate of Arthur Caruthers. The estate is valued at \$1,200.

Grace H. Shepperson qualified as administratrix of the estate of Alice B. Shepperson. The estate is valued at \$12,000.

Judgment Entered. Judgment was entered yesterday in the Law and Equity Court in the case of Walter I. Granger against John H. Schwartz for \$22.25.

Stuart Is Offered

\$250,000 For His Elk Garden Lands

[Special to The Times-Dispatch.] Bristol, Va., September 11.—It is stated here tonight apparently on good authority that Swift & Co., the Chicago packers, have offered Henry C. Stuart, the Virginia cattle king, \$250,000 for his Elk Garden grazing lands, embracing 55,000 acres in Russell County, much of which is maintained, but all of which is adapted to blue grass. Mr. Stuart, it is said, has made a price of \$200,000, and it is probable the deal will be consummated on this basis.

"The significant feature of this proposed deal, said a prominent Eastern Virginia stock dealer tonight, is that it means that the big packers are coming direct to the soil. In my opinion," he continued, "the day is not distant when much of Virginia's grazing lands will be the property of the big packers, and instead of depending altogether upon the farmers, they will in the future produce beef cattle for their packing plants upon their own lands."

CASTORIA

for Infants and Children.

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance. It destroys Worms and allays Feverishness. It relieves Constipation, Wind Colic, all Teething Troubles and Diarrhoea. It regulates the Stomach and Bowels, giving healthy and natural sleep. News of South Richmond

South Richmond Bureau. The Times-Dispatch, 1221 Hill Street, Phone Madison 172.

Chesfield Chapter, United Daughters of the Confederacy, will be well represented at the general convention of the order to be held in Washington in November if present plans are carried out. It is thought that an excursion could be run on the day of the laying of the Arlington Monument, and with this end in view a committee will wait upon the Richmond, Fredericksburg and Potomac Railroad officials.

Miss Alice Bohmer Ridd and Miss Cordelia Hancock were recently elected to represent the chapter at the annual State convention at Norfolk October 5. Miss Matilda Norbert and Mrs. George Paul were appointed as alternates. While in Norfolk a large business chapter by the Southside chapter, Mrs. W. H. Brown, Mrs. E. H. Trainum, Mrs. Allen and Misses Brown and Ridd were appointed as a committee to purchase this flag and several smaller ones to be placed over graves of Confederates in Maury Cemetery.

In the near future the annual basket picnic for the Confederate veterans will be held at Chesfield Courthouse. The picnic and date will be decided at the next meeting of the chapter.

Wife Beating Case. R. L. Trent was arrested last night on a charge of being drunk and disorderly on the public streets. He was taken to the Third Station, where he was later charged with the same offense on a Richmond-Petersburg call. He was held without bail for appearance before Justice H. A. Maurice this morning.

Justice H. A. Maurice yesterday continued the case of J. W. Morgan, charged with beating his wife, until tomorrow morning. This was done when it was found that several material points could not be taken up until other witnesses were summoned.

Morgan is a machinist and has been living with his wife and two small children at 131 McDougall Street. He is charged with beating his wife and with driving her from her home. Mrs. Morgan exhibited a badly blackened eye and several ugly bruises upon her face and arms, which she claims were inflicted by her husband.

Leo Must Support Family. R. H. Leo, a machinist, employed at the Southern Shops, was yesterday ordered to contribute \$10 a week towards the support of his wife and family. A bond of \$25 for twelve months to enforce the order was required.

Captain Wright on Furlough. Captain A. S. Wright of the Third District, having completed his furlough, will leave this afternoon for New York. He is returning to his duties he will visit friends in Philadelphia and Atlantic City.

Captain J. W. McDermott, who has been serving in the capacity of desk sergeant since the reorganization of the Southside police, is in charge of the district until the absence of Captain Wright. He is still attending to his desk duties with street men acting as relief during his absence when his presence outside is necessary.

Simonepelli Buys Property. August Simonepelli yesterday acquired two places of Southside property, according to deeds of bargain and sale recorded in Hustings Court, Part II.

The larger of the pieces of property is located on the south side of the street between Thirteenth and Fourteenth, with a frontage of thirty feet. It was purchased for \$1,000.
